16TH JUDICIAL DISTRICT DUI TREATMENT COURT MISSION STATEMENT

The mission of the 16th Judicial District DUI Treatment Court program is to reduce the length and use of incarceration, reduce the recidivism rate of crimes related to substance abuse and improve the safety and quality of life in our community by utilizing an innovative, efficient, integrated model of services.

16TH JUDICIAL DISTRICT DUI TREATMENT COURT PROGRAM DESCRIPTION

The 16th Judicial District DUI Treatment Court program is designed to be a minimum of 12 months, consisting of four (4) phases; each phase having a minimum time to complete. Treatment may consist of inpatient, residential, and outpatient treatment, or a combination of any of the above through our program, and/or other available community resources. The four phases are designed to help break the pattern of substance abuse/dependency, address mental health issues, and assist with re-entry into the community.

The 16th Judicial District DUI Treatment Court is a VOLUNTARY program for its participants, but requires approval of the prosecutor, defense counsel, the referring Judge, and the 16th Judicial District DUI Treatment Court Team. While there are certain things that you must complete, your ability to progress through the program and graduate will depend greatly upon your actions. If you miss appointments, ignore court requirements, or fail to remain sober, your time and participation in the program can be impacted through delayed advancement through phases or possible termination.

Upon enrollment, participants may select either morning or evening programing, and will not be allowed to transfer without treatment team approval. Not all clinical services may be offered in the evening.

ELIGIBILITY REQUIREMENTS

Individuals may apply for the 16th Judicial District DUI Treatment Court at any time prior to sentencing. In addition, an otherwise eligible probationer who becomes subject to an application to revoke their probation may be eligible for program admission. Individuals must have a minimum of twelve (12) months remaining on their probationary period in order to be eligible.

Eligibility Requirements are as followed:

- Candidate must voluntarily agree to enter the 16th Judicial District DUI Treatment Court.
- Candidate must be eighteen (18) years or older.
- Candidate must reside within the 16th Judicial District.
- Candidate must not have violent charges that would make them ineligible.
- Candidate must self-report a history of substance abuse
- Candidate must be charged with a DUI 2nd or greater OR have multiple pending DUI 1st charges.
- Candidate must have all legal matters in other courts and/or other jurisdictions resolved.
- Candidate must score as moderate risk/moderate need on the TN-RAS.

COURT STATUS HEARINGS

Your 16th Judicial District DUI Treatment Court status hearings are set on Tuesday at 9:00 a.m. (morning program) or Thursday at 3:30 p.m. (evening program) unless rescheduled ahead of time by the court. You will be given a calendar indicating the date and time you are to appear for court each month.

Court status hearings give you a chance to discuss your progress in the program directly with the Judge. The Judge is interested in your progress and wants to assist you in any way possible. It is still a court appearance, and you are expected to speak to the Judge using appropriate words, dress appropriately, and behave in a respectful manner during the entire proceeding.

In the event of severe weather, closings will be announced on local television stations and radio stations. If the Rutherford County Courts are closed, there will be no 16th Judicial District DUI Treatment Court. If the Rutherford County Government Offices are closed, the 16th Judicial District DUI Treatment Court office will be closed.

JOURNAL ENTRIES

At each court appearance all participants are required to submit a journal entry for the Judge to read. This journal entry should be a one-page summary of how you are doing in the program. The journal entry is submitted to court case management services who turns it over to the Judge. Journal entries are returned to case management the following week. Upon graduation, each participant receives their journal entries from the entirety of their program.

You will be assigned a weekly group and will be expected to attend every group. Excused absences are the exception, not the rule. - Severe medical emergencies

You must provide your Case Manager with proof of regular payments being made on all fees, costs, fines, restitution, and placement house rent. If you are having difficulty making the payments, please notify your Case Manager immediately.

DRUG TESTING

Random drug and alcohol screening will be required of all participants entering the DUI Treatment Court programs. Drug and alcohol testing will be administered by Averhealth, a third-party vendor, located at 805 S. Church Street, Murfreesboro, TN 37130. All tests conducted are laboratory tests.

Non-negative drug screen results include positive test results, missed drug screens, tests where an insufficient sample is provided or where the participant is unable to provide a sample. A non-negative result can also mean that a specimen was adulterated (tampered with), substituted or invalid. Test results showing abnormal creatinine are considered a non-negative result.

Random drug testing protocols include the following:

1. Upon entry into the program, each participant will be assigned a Pin Number for Averhealth. Participants will call the drug screen line **(629) 201-2988** daily after 6am to see if their Phase is called for testing. The drug screen line must be called 7 days per week, 365 days per year.
2. Averhealth business hours are from 11:00pm-5:00pm Monday-Friday. On weekends and holidays, hours are 9:00am-12:00pm.
3. All specimens will be collected under direct observation, following Averhealth protocol.
4. If a screen is completed by another approved agency, the DUI Treatment Court office will receive a copy of the drug testing form (unless otherwise approved.) Any outside agency used from drug testing must be pre-approved by the Director of DUI Treatment Courts and the treatment team must agree.
5. It is the participant's responsibility to make sure the staff is aware of all medications they are prescribed prior to drug testing (refer to medication policy).

6. It is the participant's responsibility to know if they are called for a screen and to make the appropriate arrangements. Failure to do so is considered a non-negative screen.
7. Participants are required to call the drug screen line daily to see if they have a drug screen. Staff may also contact participants to report for a drug screen. When this occurs, failure to report will be considered a missed screen.
8. It is the participant's responsibility to report to the assigned location at the time given for the test.
9. If the participant is late for a test, or misses a test, it will be considered as a non-negative test for drugs/alcohol and the participant may be sanctioned.
10. If a participant fails to produce a urine specimen or if the sample provided is not of sufficient quantity, it will be considered as a non-negative test for drugs/alcohol, and they may be sanctioned.
11. If a participant produces a sample with abnormal creatinine, it will be considered a non-negative test for drugs/alcohol, and they will be sanctioned. The participant is informed that the ingestion of excessive amounts of fluids can result in a diluted urine sample, and they understand that their urine sample will be tested to ensure the sample is not dilute.
12. Participants are informed that substituting or altering their specimen or trying in any way to modify their body fluids for the purposes of changing the drug testing results will be considered as a non-negative test for drugs/alcohol and will result in sanctioning and may be grounds for immediate termination from the program.
13. Participants are informed that the use of creatinine supplements are prohibited while participating in DUI Treatment Court.
14. If a participant is non-negative for any substance that requires a specialized test for confirmation, (e.g., Synthetic Cannabinoids/Synthetic Drugs, Gabapentin, Neurontin, CBD, Wellbutrin, Ketamine, Kratom, etc.) participant may be responsible for the cost of that specialized drug screen.
15. If a participant would like to dispute the results of the initial laboratory testing, the participant is required to pay the additional costs associated at AVerhealth.

Each participant agrees to the following regarding UDS at program intake:

- All non-negative drug/alcohol screens will be reported to the Treatment Team at the weekly meeting. Non-negative screens may result in a sanction. The Team will make sanction recommendations to the presiding Judge who will determine the appropriate sanction.
- Using, possessing, or being in the presence of any illegal drugs, drug paraphernalia or alcohol will result in a sanction.

- A participant's final ninety (90) days of drug/alcohol screens must be free of drugs and/or alcohol for that participant to be considered for Graduation/Commencement.

Honesty is the guiding principle for the DUI Treatment Court Program. Therefore, the team may use discretion in determining the sanction or choose not to impose a sanction if participant self-reports use, absence of a scheduled drug screen, or prior to a drug screen. The team will consider the following in making this determination:

- Participant personal safety
- Safety issues to the general public or community
- How many sanctions previously imposed
- Treatment compliance and recommendations
- Program and supervision compliance

MEDICATION USE

As a person who is actively drug testing as part of this treatment court, it is very important that you not take certain medications, as they could be detrimental to your recovery as well as cause positives in your drug screening.

MOOD-ALTERING SUBSTANCE POLICY

Many medications are mood-altering, either as their primary purpose or as a side effect. For a person who needs these medications and uses them appropriately, mood-altering medications are positive and promote the person's overall well-being. However, for people trying to recover from addictions to substances in this category, mood-altering medications can be extremely dangerous. Because of these dangers, 16th Judicial District DUI Treatment Court participants are prohibited from taking mood-altering medications unless all the following conditions are met:

- The medication is necessary and truly promotes the person's health and well-being and does not cross-react with the drug screens used by the 16th Judicial District DUI Treatment Court.
- The prescription is written by a physician who is aware or made aware of the person's history of substance abuse and status as a 16th Judicial District DUI Treatment Court participant. The participant is required to provide a copy of this policy to the treating physician. The prescription must be reviewed regularly, and these actions must be documented by use of the appropriate 16th Judicial District DUI Treatment Court form.
- The 16th Judicial District DUI Treatment Court Team has given approval prior to the participant's filling the prescription.
- The Participant understands and agrees that random pill counts and calls to pharmacies may be required as an additional method to verify that she/he is taking the medication as prescribed. The participant understands that this medication cannot be left accessible to any other person, especially any other 16th Judicial District DUI Treatment Court participant.

- The 16th Judicial District DUI Treatment Court participant fully understands these conditions, agrees to them, and acknowledges that taking this medication in any way other than exactly how it is prescribed will be treated as a positive drug screen, subject to the same sanctions as any other positive drug screens.

The use of such substances will be considered on a case-by-case basis and the 16th Judicial District DUI Treatment Court Team reserves the right to exercise its reasonable discretion with respect to each case.

Once in the program, documentation of all medications prescribed by a physician must be on file, this includes any increases in dosage.

MEDICATION ASSISTED TREATMENT (MAT)

Medication-assisted treatment (MAT) is the use of medications in conjunction with counseling and behavioral therapies to treat substance use disorders and prevent opioid overdose. Research shows that a combination of medication and therapy can successfully treat these disorders, and for some people struggling with addiction, MAT can help sustain recovery. MAT is primarily used for the treatment of addiction to opioids, such as heroin and prescription pain relievers that contain opiates but may be utilized for the treatment of alcohol use disorder as well. The 16th Judicial District DUI Treatment Court allows for the use of Methadone, Naltrexone (Vivitrol) and Buprenorphine (Suboxone) while in the program, if you are under the supervision of a trusted medical professional.

Prior to enrolling in a MAT program, please consult with your Case Manager to ensure that you follow the proper protocol. All MAT providers must be willing to provide the 16th Judicial District DUI Treatment Court with a comprehensive treatment plan surrounding your participation in a MAT program.
