ANTIQUE MOTOR VEHICLE LAW

Antique Motor Vehicles. Per Tennessee Code Ann. § 55-4-111, a person may register a vehicle as an “antique motor vehicle” providing that certain requirements are satisfied. The vehicle:

- Must be a motor vehicle over twenty-five (25) years old and with a non-modified engine and body,
- Can be used for participation in, or transportation to and from, club activities, exhibits, tours, parades, and similar uses as a collector's item,
- Can only be used for **general transportation** on Saturdays, Sundays, and federal holidays,
- Can be used on any day for the purpose of selling, vehicle testing, or obtaining repairs to or doing maintenance on the vehicle.

Note: Both cars and motorcycles may be considered antique motor vehicles, if all provisions are met as stated above.

No renewal required. The registration is a **permanent registration** and is not required to be renewed annually. Once assigned, the license plate cannot be reassigned to another vehicle.

Violations. Any person violating the provisions of Tennessee Code Ann. 55-4-111 will be restricted from participating in Tennessee Antique Motor Vehicle plate program for five (5) years from the date of the violation, will be asked to surrender the license plate and will be required to pay the full vehicle registration price for operating the vehicle. An example of a violation would be operating the vehicle for general transportation purposes on a day other than Saturday or Sunday and federal holidays.

Display of the antique motor vehicle plate. The antique plate can be mounted on the rear of the vehicle or the owner may display, on the rear of the vehicle, a license plate from an era when the manufacturer of such vehicle occurred, as long as the antique vehicle license plate is maintained in the vehicle and is readily accessible and produced upon request of any law enforcement officer.

Vintage License Plates. Instead of registering a vehicle with the standard antique motor vehicle plate, a person may choose to register an antique motor vehicle with an official vintage Tennessee license plate of the era when the vehicle was manufactured, and may display that license plate as their official Tennessee vehicle registration on the rear of the vehicle. Provisions for vintage plates also apply to motorcycles. Please see the chart below to determine the proper plate for the antique vehicle:

Model Year	Plate Year
1912-1962	Same as model year. Plates produced each year
1963-1965	1962
1966-1970	1966
1971 - 1976	1971
1977-1983	1977

1986-1987	1986

1994-1996	1994

If you are unsure which vintage plate is proper to use, please contact your county clerk or the Tennessee Department of Revenue directly at (615) 741-3101

All other provisions of Tennessee Code Ann. 55-4-111 must be followed to avoid forfeiture of the registrant's antique license plate privileges.

Cost of registration. Class (C) Antique Vehicles - registration fee is \$32.75, plus any applicable county fees.
